In case of emergency or injury – Call 911 immediately

In case of a field conflict – If there is another team or sports group or individuals on your training field, following these guidelines:

- **Have your printed field reservation in hand to show them.** Politely tell the other group that you have the field reserved.
- **Politely ask the other group to leave.** If possible, be willing to share the field with them.
- **DO NOT ENGAGE IN A SHOUTING MATCH** if the group refuses to leave; do not take any other action that will create conflict that might put you or your team in danger. **Your first priority is to protect your players and yourself.**
- **Find out what organization** is on the field, and get a contact number or name for the group.
- **Call the appropriate number in the chart above.** If you feel threatened or if the security numbers below do not respond, call 911.
- **Wait at the field** for a response from one of the security agencies. If that isn't possible, contact your parents and make arrangements for pick up of your players.

Please review these guidelines ahead of time. Be prepared!
